

must pay the higher of the wage required under this paragraph or the wage required under § 655.1113 (*i.e.*, the third attestation element: facility wage).

(1) *Collectively bargained wage rates.* Where wage rates for nurses at a facility are the result of arms-length collective bargaining, those rates shall be considered “prevailing” for that facility for the purposes of this subpart.

(2) Determination of prevailing wage for H-1C purposes. In the absence of collectively bargained wage rates, the National Processing Center (NPC) having jurisdiction as determined by OFLC shall determine the prevailing wage for similarly employed nurses in the geographic area in accordance with administrative guidelines issued by ETA for prevailing wage determination requests submitted on or after the effective date of these regulations.

(i) Prior to the effective date of these regulations, the SWA having jurisdiction over the area of intended employment shall continue to receive and process prevailing wage determination requests in accordance with the regulatory provisions and Department guidance in effect prior to January 1, 2009. On or after the effective date of these regulations, the NPC shall receive and process prevailing wage determination requests in accordance with these regulations and with Department guidance. A facility seeking to determine the prevailing wage must request a prevailing wage determination from the NPC having jurisdiction for providing the prevailing wage over the proposed area of intended employment not more than 90 days prior to the date the attestation is submitted to the Department. The NPC must enter its wage determination on the form it uses and return the form with its endorsement to the employer. Once a facility obtains a prevailing wage determination from the NPC and files an attestation supported by that prevailing wage determination, the facility shall be deemed to have accepted the prevailing wage determination as accurate and appropriate (as to both the occupational classification and the wage rate) and thereafter shall not contest the legitimacy of that prevailing wage determination in an investigation or en-

forcement action pursuant to subpart M of this part.

(ii) A facility may challenge the prevailing wage determination with the NPC having provided such determination according to administrative guidelines issued by ETA, but must obtain a final ruling prior to filing an attestation.

(3) *Total compensation package.* The prevailing wage under this paragraph relates to wages only. Employers are cautioned that each item in the total compensation package for U.S. nurses, H-1C, and other nurses employed by the facility must be the same within a given facility, including such items as housing assistance and fringe benefits.

(4) *Documentation of pay and total compensation.* The facility must maintain in its public access file a copy of the prevailing wage, which shall be either the collective bargaining agreement or the determination that was obtained from the NPC. The facility must maintain payroll records, as specified in § 655.1113, and make such records available to the Administrator in the event of an enforcement action pursuant to subpart M.

(d) *Working conditions.* To meet the requirement of no adverse effect on working conditions, the facility must attest that it will afford equal treatment to U.S. and H-1C nurses with the same seniority, with respect to such working conditions as the number and scheduling of hours worked (including shifts, straight days, weekends); vacations; wards and clinical rotations; and overall staffing-patient patterns. In the event of an enforcement action pursuant to subpart M, the facility must provide evidence substantiating compliance with this attestation.

§ 655.1113 Element III—What does “facility wage rate” mean?

(a) The third attestation element requires that the facility employing or seeking to employ the alien must attest that “the alien employed by the facility will be paid the wage rate for registered nurses similarly employed by the facility.”

(b) The facility must pay the higher of the wage required in this section (*i.e.*

§ 655.1114

20 CFR Ch. V (4-1-14 Edition)

facility wage), or the wage required in § 655.1112 (*i.e.*, prevailing wage).

(c) *Wage obligations for H-1C nurses in nonproductive status*—(1) *Circumstances where wages must be paid.* If the H-1C nurse is not performing work and is in a nonproductive status due to a decision by the facility (e.g., because of lack of assigned work), because the nurse has not yet received a license to work as a registered nurse, or any other reason except as specified in paragraph (c)(2) of this section, the facility is required to pay the salaried H-1C nurse the full amount of the weekly salary, or to pay the hourly-wage H-1C nurse for a full-time week (40 hours or such other number of hours as the facility can demonstrate to be full-time employment) at the applicable wage rate.

(2) *Circumstances where wages need not be paid.* If an H-1C nurse experiences a period of nonproductive status due to conditions unrelated to employment which take the nurse away from his/her duties at his/her voluntary request and convenience (e.g., touring the U.S., caring for ill relative) or render the non-immigrant unable to work (e.g., maternity leave, automobile accident which temporarily incapacitates the non-immigrant), then the facility is not obligated to pay the required wage rate during that period, *provided that* such period is not subject to payment under the facility's benefit plan. Payment need not be made if there has been a *bona fide* termination of the employment relationship, as demonstrated by notification to USCIS that the employment relationship has been terminated and the petition should be canceled.

(d) *Documentation.* The facility must maintain documentation substantiating compliance with this attestation element. The public access file shall contain the facility pay schedule for nurses or a description of the factors taken into consideration by the facility in making compensation decisions for nurses, if either of these documents exists. Categories of nursing positions not covered by the public access file documentation shall not be covered by the Attestation, and, therefore, such positions shall not be filled or held by H-1C nurses. The facility must maintain the payroll records, as re-

quired under the Fair Labor Standards Act at 29 CFR part 516, and make such records available to the Administrator in the event of an enforcement action pursuant to subpart M of this part.

§ 655.1114 Element IV—What are the timely and significant steps an H-1C employer must take to recruit and retain U.S. nurses?

(a) The fourth attestation element requires that the facility attest that it “has taken and is taking timely and significant steps designed to recruit and retain sufficient registered nurses who are United States citizens or immigrants who are authorized to perform nursing services, in order to remove as quickly as reasonably possible the dependence of the facility on non-immigrant registered nurses.” The facility must take at least two such steps, unless it demonstrates that taking a second step is not reasonable. The steps described in this section shall not be considered to be an exclusive list of the significant steps that may be taken to meet the conditions of this section. Nothing in this subpart or subpart M of this part shall require a facility to take more than one step, if the facility can demonstrate that taking a second step is not reasonable. A facility choosing to take timely and significant steps other than those specifically described in this section must submit with its Attestation a description of the step(s) it is proposing to take and an explanation of how the proposed step(s) are of comparable timeliness and significance to those described in this section (*See* § 655.1110(c)(1)(iii)). A facility claiming that a second step is unreasonable must submit an explanation of why such second step would be unreasonable (*See* § 655.1110(c)(1)(iv)).

(b) *Descriptions of steps.* Each of the actions described in this section shall be considered a significant step reasonably designed to recruit and retain U.S. nurses. A facility choosing any of these steps shall designate such step on Form ETA 9081, thereby attesting that its program(s) meets the regulatory requirements set forth for such step. Section 212(m)(2)(E)(ii) of the INA provides that a violation shall be found if a facility fails to meet a condition attested
